### **□ Genocide of One Book by Kazuaki Takano Review**

Genocide of One is right out of the Michael Crichton paint-by-numbers playbook -- and a fine imitation-version in its own right. ### **Kazuaki Takano (Author of Genocide of One) - Goodreads**

Thoughts: The one main takeaway of Genocide of One appears to be that modern man is truly awful. The picture Mr. Takano paints of mankind is just plain ugly. In fact, his version of mankind is

one step above that of primates. To make things worse, he is not gentle about descriptions of brutality.
