Should be on every photography teacher's bookshelf. The newer versions include digital photography, from a traditional photographer's perspective. Make sure you have the most recent version of the book as digital photography is constantly changing. (I would not recommend this book for the teacher who does an occasional photo lesson in an Art I ...

PHOTOGRAPHY. A college photography textbook. A photographer's bible. Excellent. Many editions available - of course the later ones like 7th edition on have more about digital, but basics are well covered in all editions. I have personally given this book to two aspiring novices and still use it myself.
