Adding Google map to the printing material is common these days to guide your audience to your business location. The normal practice is to take a screenshot of the Google map screen and use it in the artwork.

### NEED A HIGH RESOLUTION (300DPI) GOOGLE MAP FOR PRINTING ...

It's no secret I have an icon fetish, and it makes me smile every time a new high-resolution device icon appears in Windows 7's "Devices and Printers". It wasn't very long ago that most devices appeared in Windows with indistinguishable device descriptions and icons, but with Windows 7, devices not only work well, but look great.

### Admiring Windows 7's high-resolution device icons ...

A screenshot, also called screen capture or screen grab, is a digital image of what should be visible on a computer monitor, television, or other visual output device. A common screenshot is created by the operating system or software running on the device. A screenshot or screen capture may also be created by taking a photo of the screen.
