Solutions are provided for the odd numbered problems. I tutor so I generally use the book that the student's class is using. I find that I frequently turn to Giancoli for better problems and clearer examples to show the students. It is the best non-calculus text I have seen. I suppose the best indicator is that I enjoy using it.

I am currently reading this book and it has been fantastic. The author explains things in clear detail and provides quality problems at the end of each chapter. One thing D. Giancoli could add is a separate solutions manual for the book instead of giving just the answers to the odd-numbered problems.
