Questions Available within WebAssign. Most questions from this textbook are available in WebAssign. The online questions are identical to the textbook questions except for minor wording changes necessary for Web use.

**WebAssign - Modern Chemistry 2006 edition**

equilibrium. Chemical Equilibria Are Dynamic If you drop a small ball into a bowl, the ball will bounce around and then come to rest in the center of the bowl. The ball has reached static equilibrium. Static equilibrium is a state in which nothing changes. Chemical equilibrium is different from static equilibrium because it is dynamic.
