The history book that has everything. It is The New Penguin History of the World by JM Roberts and it's the history book that has everything. It is an amazing synthesis of knowledge and interpretation that carries you along not with stylistic bravura but a lucid presentation of themes other writers struggle to explain.

The history book that has everything | Books | The Guardian

The penguin oil business prospered, and at the same time, the number of penguins. These, almost devoid of predators on the ground, curious and without fear of humans, were easy targets. As explorations discovered more lands to the south, they also found more penguin species and some began to investigate them.
