Gridworld ap computer science case study student manual ...

The GridWorld Case Study provides a graphical environment where visual objects inhabit and interact in a two-dimensional grid. In this case study, you will design and create "actor" objects, add them to a grid, and determine whether the actors behave according to their specifications. A graphical user interface (GUI) is provided that

GridWorld Case Study Part 1 - College Board

The GridWorld case study provides a graphical environment in which students can experiment with different types of objects and observe how programming changes will affect the behavior of those objects. It is a required part of the AP Computer Science A curriculum.

AP Computer Science A - Gridworld Case Study

To do this, we'll look at something called the Gridworld Case Study. This is a complete, professionally made program that includes a simple graphic interface (kind of like Jeroo), but will also give us complete access to the code used to make it. In doing so, we have the power to edit the program and make it do what we want!
