Solved: Virtual Lab: Population Biology Post-Lab Quiz And ...

The carrying capacity is the greatest number of individuals a given environment can sustain. Competition for resources among members of a population (intraspecific competition) places limits on population size. Competition for resources among members of two or more different species (interspecific competition) also affects population size.

Virtual Lab: Population Biology

How to get there: (biol.co/paramec1) Alternately: type virtual lab population biology into google to find the page. Instructions: This lab has instructions on the left hand side and also contains pages to enter data and questions.
