World Population Growth - Solutions to Overpopulation article. So, should we be cold, calculating statisticians who see that a high number of deaths from a natural disaster or, say, the one million people who die each year from malaria don't matter because we've got so many new humans coming down the population-growth conveyor belt anyway?

World Population Growth - Solutions to Overpopulation

Solutions to keeping the human population in check have to be easily applicable at the grass-root level. Initiating a third World War or nuking the most populous cities in the world just to contain the population growth, for example, are methods best left to the Lex Luthors and the Victor von Dooms of this world.
