We're always trying to find new ways to help people realize their career potential. Here, we celebrate some well known people who dared to change their lives through learning and show how a childhood passion, or even one just discovered, can lead to a more fulfilling career.

**Pearson | The world's learning company | US**

- The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. - They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use ...
