local anesthesia .. theoretically good book , despite reusing words , and repeating things many many times in unnecessary places as in every single preparation for each technique repeat same 3 points , then practically i see it , that it is poor book , techniquauliy it talke about something that i couldn't be practices at clinical , and over all the book have many antagonistic sentences and ...

Handbook of Local Anesthesia by Stanley F. Malamed

Perhaps that is why I cannot believe there is already a fifth edition of Handbook of Local Anesthesia, but there is. Stanley Malamed's newest revision of his classic and reference text is not merely a reissue of age-worn materials but, in my mind, is the best iteration of the text since the first edition was released over 25 years ago.
