Green Energy Solutions International Ltd | U.S. Green Building Council - USGBC homepage

Sustainable design is about building the future, not just a structure. Sustainability is as much about process as it is about product. Seeing sustainable design as a process empowers "green" designers to better evaluate and anticipate the environmental, economical and social impacts and costs of building products.

Sustainable Design - Green Building Solutions

The Green Building Solutions Awards are the international competition run by the Construction21 network. The contest highlights exemplary buildings and solutions contributing to the fight against climate change.

Green Building Solutions Awards 2016 - Construction21

Living Building Challenge 4.0 Released alongside New "Core" Program. The latest version of LBC eases up on materials and water requirements, while Core meets a separate market need. [Read more »](#) [Product Review: A More Sustainable Fluorinated PVDF Metal Coating](#)

BuildingGreen

For forty years, we've led the building materials market and forged relationships across North America as Oldcastle. Today, we're proud to take on the name of our parent company, CRH, the leading building materials business in the world.
