Lucid, smart and well illustrated, this will be a "must read" for every serious student of the medium." - Deborah Bright, Professor of Photography and Art History, Rhode Island School of Design, USA "An essential purchase.

Photography: A Critical Introduction (5th ed.) by Liz ...

I read about a similar topic in the British Journal of Photography (March 2016:10-11) on Martin Parr's new show at the Barbican, showing the UK through the eyes of outsiders. The theme is interesting precisely because to objectively present a particular place, it seems that we need a fresh pair of eyes.

Liz Wells- Photography a Critical Introduction - Book review

Surveying the spectrum of photography from the mid-nineteenth century to the present, Photography: A Critical Introduction is the first book to examine key debates in photographic theory and place them in their proper social and political contexts. While most histories of photography invariably focus on the works of the "great photographers," this book is written especially to provide a coherent ...

Photography: A Critical Introduction - Google Books

Photography: a critical introduction Wells, Liz, 1948- This is an introductory textbook which examines key debates in photographic theory and places them in their social and political contexts

Photography: a critical introduction by Wells, Liz, 1948-

Wells, Liz. (2009) Photography: A Critical Introduction (4th edition). Abingdon: Routledge
photographer would be regarded as illegitimate behaviour, yet the aesthetic demand for well-composed shots remained. Documentary photographers, too, took considerable pains to control the nature of a scene without making any obvious change to it.
