Gladiator Philip Wylie

Gladiator is a science fiction novel by American author Philip Wylie, first published in 1930. The story concerns a scientist who invents an "alkaline free-radical" serum to "improve" humankind by granting the proportionate strength of an ant and the leaping ability of the grasshopper.

Gladiator (novel) - Wikipedia

An amazing story, I first read years ago and was pleased to find in ebook format. Evokes striking images of the time the characters existed. I had always wondered if this character was the inspiration for Superman who was first published in 1938, but according to Wikipedia, Siegel signed an affidavit that claimed Superman was not influenced by Gladiator.
