Peppered Moth Graphing Activity Answers - hccfor.org

The sheet guides the students through the Peppered Moths interactive created by Craig Davis. In the Peppered Moths activity, students first explore the life cycle of the peppered moth, continue on to the impact of pollution and Kettlewell's experiment. As they do so, they are simply gathering information (SP8).

Seventh grade Lesson Peppered Moths | BetterLesson

Natural Selection in Peppered Moth Populations suggested that the light forms were removed from the population by birds because they were so conspicuous. Additional support for this idea came from non-industrial regions (and areas upwind from polluters) where the mottled form greatly outnumbered the melanic moths.
