Most students in physical science seem to have more difficulties with problems than with any other part of the course. This is partly because problems involve mathematical analysis, but it is also because there is a certain systematic approach to understanding science that is different than the approach used in most other areas of study.

An Introduction to Physical Science: 10e - Solved Problems

Physical Science is broken into 3 main units: Astronomy, Chemistry and Physics. The best advice I can give to you is to budget your time properly, don't wait until the last minute (the night before) to get your work done. Coordinate all your classes and the homework required. It will be easy to fall behind and difficult to catch up.
