Gemini was the first book I read of Penelope Wards' and it moved me in so many ways. At times I was publicly crying, and other times publicly laughing. The characters are real, and their story is believable. I thoroughly enjoyed Gemini, and highly recommend this and all other stories by Penelope Ward (Gemini 2, Skylar, step brother dearest).

Gemini by Penelope Ward is a heartfelt story that made me laugh, cry and feel just about every emotion in between. I could not put this book down and I burned through the pages as I couldn't wait to find out what would happen next! It is the first in a series of books, but can be read as a stand alone.
