This manual contains complete answers and worked-out solutions to all questions and problems that appear in the textbook.

### **Genetics Solutions Manual - Google Books**

Ok, I don't know who the editor on the solutions manual is but this book is full of errors. It is a good review but at the same time you might want to check the math on it because I know for a fact, there are miscalculations. Other than that, it is helpful in studying for genetics (the comprehension questions anyway).
