Prey Summary | SuperSummary

The concepts in Prey are quite realistic and terrifying and the suspense in the last half of the book is incredible. (Plus, Michael Crichton was years ahead of his time with the misuse of cloning theme

used in Jurassic Park, so I think that adds an element of credibility to his ideas.)

Prey is another solid story from Michael Crichton. Probably most famous for his Jurassic Park series, Crichton is a capable author who has penned several other novels all of which that I have read, have been good. This book, although written almost two decades ago at time of this review, remains perhaps more relevant today than when it was written.
