Some commentators claim that science has finally killed the concept of God by virtue of its own all-encompassing explanations of reality. Atheism, they say, is the only intellectually tenable position,

and any attempt to reintroduce God is likely to impede scientific progress. In this stimulating and thought-provoking book, with impeccable logic, irrefutable documentation, and extraordinary ...

**God's Undertaker: Has Science Buried God?: John Lennox ...**

Is it really true, he asks, that everything in science points towards atheism? Could it be possible that theism sits more comfortably with science than atheism? Has science buried God or not? Now updated and expanded, God's Undertaker is an invaluable contribution to the debate about science's relationship to religion.
