Wallace Stevens is one of America's most respected poets. He was a master stylist, employing an extraordinary vocabulary and a rigorous precision in crafting his poems. Wallace Stevens first revealed his genius in 1923, when his first collection of poetry "Harmonium" was released. While it was only the first part of his career as a poet, Stevens' first book is in some ways his best -- despite being a little uneven, "Harmonium" has a rough, passionate quality.
