Getting Started with Processing by Casey Reas - Goodreads

Advance Praise for Getting Started with Processing "Making a computer program used to be as easy as turning it on and typing one or two lines of code to get it to say, 'Hello.' Now it takes a 500+-page manual and an entire village. Not anymore. This little book by Ben and Casey gets you computationally drawing lines, tri-

Advance Praise for - cmuems.com

One of the most difficult things about getting started with programming is that you have to be very specific about the syntax. The Processing software isn't always smart enough to know what you mean, and can be quite fussy about the placement of punctuation. You'll get used to it with a little practice.

Getting Started \ Tutorials - py.processing.org

Casey Reas and Ben Fry, the principal developers of the Processing Programming language have developed a well illustrated and well described introduction to graphical programming in Processing taking a similar approach to Massimo Banzi's "Getting Started with Arduino".
