### Phillips Exeter Academy Math Problem
At Exeter, we use problem sets, not textbooks. See the 3,700+ problems in our core curriculum, updated each year by our math faculty. Math Teaching Materials | Phillips Exeter Academy

### Math Teaching Materials | Phillips Exeter Academy
We teach students to take responsibility for the full breadth of the mathematics that they explore: understanding theorems, using formulas and techniques accurately, testing results for reasonability, and using technology appropriately. Instead of standard textbooks, you'll use problem sets developed by Exeter faculty. The problems are rigorous and require you to read

### Mathematics Department at Phillips Exeter Academy
A case study in this unique approach to teaching math can be found at one of the top boarding schools in the US, the Phillips Exeter Academy. Years ago, teachers at Exeter developed a series of math books containing problems, techniques, and strategies that are now being used at other private day and boarding schools.

The Exeter Math Club Competition is a middle-school mathematics competition held annually at Phillips Exeter Academy in Exeter, New Hampshire. EMCC provides middle schoolers a event where they can join like-minded peers from a mathematical community spanning the globe.

### Exeter Math Club Competition - Home | Facebook
The Exeter math curriculum presents these problems recurrently. And over time students are trained to employ the spectrum of cognitive skills to solve problems that are grounded in rigor and highlight the relevance of math in their lives. This is what separates the Exeter math curriculum from others. But the problem sets are only part of the story.

Phillips Exeter Academy (often called Exeter or PEA) is a coeducational independent school for boarding and day students in grades 9 through 12, and offers a postgraduate program. Located in Exeter, New Hampshire, it is one of the oldest secondary schools in the United States.Exeter is based on the Harkness education system, a conference format of student interaction with minimal teacher ...

### Phillips Exeter Academy - Wikipedia
Phillips Exeter Academy is a private boarding school in Exeter, New Hampshire. One of the things we are best known for is our Harkness learning method. Basically, this means that classes are conducted around an oval "Harkness table" rather than lecture style. All classes are discussion based and student led.

### Harkness Style Math at Phillips Exeter Academy
The academics at Phillips Exeter Academy are extremely strong. The Harkness system is remarkable; it made classes much more interesting for me, and I think I learned a lot more as a result. I think it worked particularly well in history, English, religion, and math classes (i.e. the humanities classes).
